1. Barracks are under construction in Lenti (E 98). After completion, it is rumored, they are to be occupied by Hungarian infantry units.
2. Deportees 65 years old and older, who, because of their age were previously excused from agricultural work, are engaged in manual labor at the project. The employment of elderly people in this type of work can only be explained by the prevailing manpower shortage in Hungary. The deportee laborers receive maintenance and 100-120 forints per week.
